Regarding the C++ programmer position currently advertised on HeadHunter, please find attached a copy of my resume for your consideration. I'm looking to gain practical experience within developing high-loaded services and feel that a part-time position within your company would help me to demonstrate the abilities I have.

I believe my skills in computer science would make me a positive addition to your team. If you would like to get in touch to discuss my application and to arrange an interview, you can contact me via email: egormkn@yandex.ru.

I look forward to hearing from you soon.

Sincerely,

Egor Makarenko
